NSW LinkedIn Health Check Terms and Conditions:

To be eligible for a free electricity usage health check (**Health Check**), you must become a customer of Blue NRG and remain a current Blue NRG customer at the time the Health Check is completed. Only supply addresses located in select postcodes within NSW are eligible for a Health Check.

If your supply address has a smart meter, you must provide a signed letter of authority (**LOA**) in the form provided by Blue NRG, authorizing Blue NRG or its agent to collect the information necessary to perform the Health Check. However, if your supply address does not have a smart meter, you must provide the most recent 12 months' of bills for conducting the Health Check. Please note that supply addresses with solar PV systems or where electric vehicles have been charged within the previous 12 months are not eligible for a Health Check.

To participate in the promotion, you must have an active LinkedIn account and follow Blue NRG's LinkedIn company profile. Once you meet all the above criteria, Blue NRG will arrange for a Health Check to be conducted within 3 months.

The scope of, and other eligibility for, a Health Check will not go beyond:

- Usage Analysis;
- Network tariff analysis;
- Checking any demand charges applied;
- General energy savings that may apply to the industry your business operates in;
- Advising you of any unusual or anomalous information you should be aware of;
- What is described on the LinkedIn NSW Health Check promotion webpage at: <u>https://www.bluenrg.com.au/business-energy-health-check</u>.

The analysis carried out as part of a Health Check is based on bills and usage information provided by you, or collected subject to any signed LOA you provide. Please be aware that Blue NRG accepts no liability for any Health Check conducted pursuant to this promotion. Additionally, Blue NRG makes no representation that the Health Check will result in particular outcomes, including any savings related to your electricity usage.
